\$2,000,000.00 Donation Goal

Project Details

Through the establishment of the Possibilities Are Infinite Annual Campaign, we are able to fulfill the hopes and dreams of families that wish to send their children to college. The program design is based on a college success mentoring program led by police officers and community volunteers facilitating tutoring/mentoring sessions, field trips, and college readiness workshops that are ultimately designed to help all program participants become proactive lifelong learners, high achievers and uplifting citizens within the communities in which they reside.

Also, funds raised will go towards our nationwide 25+ scholarship fairs that are hosted in various cities throughout the nation.

To date, we have served at least 200,000 high school students and hosted events that have helped them secure at least \$2 Billion in scholarship offers.

Donation Deadline

Sunday, December 31, 2023
